

ONWA[®]

MARINE TEMPERATURE PROBE

- *Precision NTC Thermistor*
- *Long term stability*
- *Double insulated thermoplastic rubber*
- *Ruggedized housing and corrosion resistant cable*
- *Waterproof rating to IP68*
- *Based on the most common curves in the industry*

KTS-10K_TM
TRANSOM MOUNT

KTS-10K_TH
THRU-HULL

SPECIFICATION

Weight: KTS-10K_TM 0.45 kg

KTS-10K_TH 0.55kg

Temperature Range: 0°C to 50°C (32°F to 122°F) continuous

Cable: 10 meters

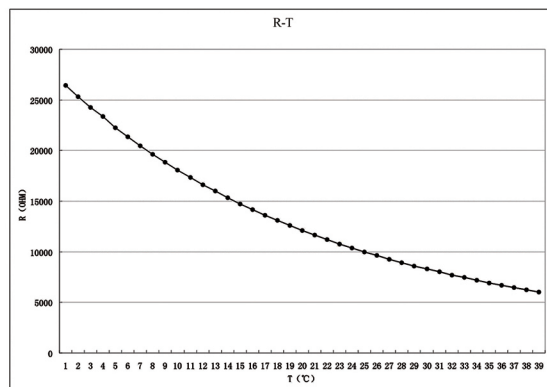

Resistance Values @ 25°C: 10K ohm +/- 300 ohm

Dielectric strength: 3750 VaC

Accuracy: 3%

Resolution: 0.1°C

Moisture resistance: meets or exceeds IP68

Temperature graph against resistance
